COMPLAINT
REPORTING CRIMES OF CHILD PORN THREAT EMAIL, SOME PROOF OF
MY INNOCENCE AND ME BEING FRAMED ON THE SEX CRIME BY SOME
COMPUTER HACKER

United States Federal Bureau of Investigation(FBI)
1970 East Parham Road
Richmond, VA 23228
Phone: (804) 261-1044
Fax: (804) 627-4494

Dear Adam S. Lee,

I thought I show you proof that people are getting child porn set up attempts by hackers. The one I believe that set me up is the Political Hackers Squad. Who knows if they have any connection to the Mayodan and Reidsville Police or even the Bergers but that is what your agents can investigate.

Another thing I should mention is that before the search warrant was even executed against me at 413 N. 2nd ave, Mayodan, NC 27027 on August 28, 2012, the detectives described the very same child porn videos they allegedly accused me of downloading from eMule at the time I got the eMule virus in July 2012. It is as if the detective or detectives personally watched the very videos which means they had access to those child porn files. Then with the evidence tampering they could have planted the child porn videos and/or photos. I also had my external hard drives attached to my computer around those times in 2012. A hacker I met at the county jail in Greensboro, NC told me it is possible to plant child porn on somebodies computer as long as you get the person to download a virus on their computer. I did have a virus, No actually multiple viruses on my computer during the time I was accused of the alleged offense.

So things I've attached are proof that Melissa Melton was getting a child porn set up attempt then the perpetrator taunted her by publishing how they did it on Planet Infowars. When I browsed through Planet Infowars I found the post then sent a message via Facebook to Melissa Melton and others so that they know what is going on since I was set up with child porn and was doing everything I could to investigate the child porn set ups myself since I knew at some point Mayodan Police was going to file a child porn charge on me, then I get a crappy public defender like in all the horror stories I read online which turned out to be true. Public defenders are a nightmare as they only want your conviction and your guilty plea, whether your innocent or not.

I also am sending you threat emails I personally received before all these child porn set up attempts since I ignored the email threats by continually posting articles at FederalJack.com talking about the child pornography set ups since I been through one in Mayodan. Also detective Robert Bridge worked with NC SBI Special Agent Gerald Thomas who had a history of either manufacturing evidence or helping or aiding in manufacturing evidence in at least a felony murder case.

The detective describing the very child porn videos as if he personally watched them, the very same videos I was accused of looking at when there are so many different kinds of photos and videos on the entire internet nobody has the time to inspect every single one of them. This whole thing smells of a set up. I was indeed set up on child porn. I have been wrongfully convicted on a sex crime I ain't even guilty of. I don't know how else I can prove to you that I am set up other then all the evidence I am finding from my 2013 investigation and research, then I am sending to you. Please help prove my innocence so I won't have to be a sex offender for fifteen years in Virginia. I had a Match.com dating profile thanks to my mother giving me that subscription as a gift so I can date pretty Asian women I

Page 2/2 - ATTN: **Special Agent in charge, Adam S. Lee – DEC/05/2014 – Brian D. Hill**

liked that have NO children as I am disabled and can't handle taking care of a child. See I am interested in women, not children. The only evidence that was ever found and ever was found was child porn files being found on my computer, that was it. Wake up Agent! I been set up and others are being set up too. **Nobody deserves to be a sex offender for committing no crime, and getting a crappy public defender pretender at that. Pardon my french.**

Heck I even lied to the police detectives about putting child porn on my netbook that I gave to the detectives after they missed that in their search during the police raid. After I gave my netbook to them forensics at a later time found NO CHILD PORN on my netbook, the very same netbook, the only netbook I had that I claimed I put child porn on. Now why I would I lie to detectives to manufacture my own guilty confession that was false, because I was threatened by Mayodan Police Chief Caruso a nasty cop. With all of this evidence I am presenting, had I had a decent lawyer I could have won a jury trial but not with Slacky Placke from North Carolina.

It's funny how I have to get sex offender treatment under U.S. Probation Supervised Release when I have no sex addiction, and am not guilty. I am suffering repercussions for me being set up. Such Justice I received from the U.S. District Crook in Greensboro, NC...err I mean Court.

Sincerely,
Brian David Hill

From: Melissa Melton
Subject: Interview request for Alan Watt
To: Alan Watt

I am making this interview request for Alan Watt. This is Melissa Melton with Truth Stream Media and working with Aaron Dykes a former Infowars employee.

I like to interview him over the very subject he has been talking about. Like about the music culture, stuff like that...

I like to know what day and time you can give me. Whenever time you can give me will be great for me and Aaron. Aaron may have a few questions for you as well.

We accept skype, paltalk, phone, and even video interviews.

Thanks!

We run our radio show, around every Friday night, 7-9 pm CST. So it is two hours each Friday every week.

We are happy that you have responded so quickly in such short time. We look forward to getting you on as a scheduled guest. Once you can give me your date and time that you can be on, then I will get it to Aaron to get this processed in. I will give you the information on how to go on our show. Thanks!

Meissa Melton
 melissamelton@comcast.net

It's also been known that the email address in question DOES NOT belong to Melissa Melton, rather what you created. Your attacks on alternative media is inexcusable and you will be brought to justice. Hope you bastards enjoy at least a decade in prison.
